Pote's Notes

2020: A Clear Vision For The Future.

As this year approaches its end, I reflect back to my earlier articles outlining our goals and aspirations for 2020. I had used a bus, as a metaphor, as our mode of transportation highlighting the need to work together to build up our Shrine. Something for which we could control our route and destiny. The Divan members were the initial drivers and our Nobility would help plot our course. The alternative methods of transportation, I rejected, may have put us on a path without considering any of our desires. Then boom, the virus struck and stopped our bus. COVID-19 took control and a new path was set for us, like it or not.

None the less, over the course of 2020, we discovered just how committed our membership is in keeping Sabbar alive and our Hospitals and Medical Centers thriving. Thanks to the many Nobles and families who continue supporting Sabbar, we remain strong, and with conviction that better days lay ahead. No one knows just how long this current situation will last. However, we shall not lose sight, in our enduring belief, in our fraternity and the work that needs to be done for children.

Although missing out on most planned events, we have accomplished several duties that had been set aside or forgotten at Sabbar. We deployed a business model and we reduced costs in most all areas. I congratulate the countless hours our Divan has put in improving how we conduct business.

We yearn for the days when our numbers grow and participation explodes once again. Having "Fun and Fellowship" with our future events while rededicating our efforts toward our hospitals should become one of our top priorities rather than keeping our lights on.

Membership has been and will continue to be our number one priority. Our location is just an address. Much as a house doesn't become a home until a family moves into it. It's people that make it what it is and what it will continue to be. So, please go back to your lodges and talk up the Shrine. Let your brothers know that the Shrine Center is relocating and our focus will be on Fun and Fellowship. Reach out to other men in our community and give them a reason to become a Mason.

I humbly request your continued support for the 2021 Divan. I am confident they will carry out our mission with pride and hard work.

Thank you for your support in 2020. May God bless you, your family, our country and our great fraternity.

*I remain yours in the Faith,
Illustrious Sir Jerry Shultz, Potentate*

*Our Nobles have reached the end of their earthly toils.
The brittle thread which bound them to earth has been
severed and their liberated spirits have winged their
flights to the unknown world.*

SHRINERS NEVER DIE . . .

**They live in the hearts
of burned & crippled
children forever.**

Chief Rabban

Greetings Nobles:

I want to share with you some of my thoughts for the coming year:

- Imperial only requires quarterly Stated Meetings. Without Bingo or Rentals, we really don't need monthly meetings. We can always call a special meeting, if needed.
- We can always have fellowship (*appetizers and cocktails*) on the months we don't hold Stated Meetings.
- As for looking for a new facility, there is a lot to consider ... location being one, since Nobles come from all over the city.
- It would be great to not have to rely on Bingo or Rentals. Bingo and Rentals have become a problem covering all the volunteer positions.
- I think we need to find a facility that would meet our needs and can sustain itself on our dues alone.
- Do we want office space only and rent a ballroom at a hotel for our large functions?
- Do we want to consider finding a vacant lot where we can erect a steel building?

So many things to consider! One thing is for sure ... I want to continue the dedication Illustrious Sir Jerry Shultz, Potentate, put forth during this very difficult year.

I am also looking for your ideas to keep the magic happening to keep our fraternity alive.

Regarding the Divan, every decision we make is made by the entire Divan. We work as a team. Illustrious Sir Van Elrod, PP, said it best in one of our meetings ... ***"We are all here for the children. That's why we do what we do"***.

Let's all keep working hard to keep Sabbar running strong.

I look forward to working with all of you.

Fraternally,

Noble Toby Thomas, Chief Rabban

PEARL HARBOR DAY

December 7

On the morning of December 7, 1941, Japanese bombers staged a surprise attack on U.S. military forces in Hawaii. In a devastating defeat, the United States suffered 3,435 casualties and loss of or severe damage to 188 planes, eight battleships, three light cruisers and four miscellaneous vessels. Japanese losses were less than 100 personnel, 29 planes, and five midget submarines.

The day after the attack, before a joint session of Congress, President Franklin D. Roosevelt asked Congress for a declaration of war against Japan. President Roosevelt's message conveyed the national outrage over the Pearl Harbor attack by pronouncing December 7, 1941 "a date which will live in infamy."

FDR was furious at Japan's confidence in their "inevitable triumph" of the United States. On December 8, 1941, the United States declared war against Japan; on December 11th, Germany and Italy declared war against the United States.

Today, the USS Arizona Memorial on the island of Oahu honors the lives lost on the day of the attack. Visitors to the memorial reach it via boats from the naval base at Pearl Harbor. Although December 7th is known as Pearl Harbor Day, it is not considered a federal holiday in the United States.

CAR SHOW 2020

Once again, we are having our Annual Car Show here at Sabbar on December 5, 2020. Registrations are coming in at a rapid pace and we expect a very good turnout of cars and spectators.

We have volunteers to do the cooking and food preparation for the event. The lounge will be open and we will have outdoor dining with social distancing. We will also have the dining room open for our guests to enjoy their breakfast and lunch.

The proceeds of the show this year will be put into the General Fund to help us with our daily expenses.

I want to invite Nobles and their ladies to come to the show and see all the beautiful cars and meet the participants. Wear a shirt or cap that will identify you as a Shriner. While talking to the car owners, please tell them THANKS for supporting this years show.

I hope to see many Nobles out at the car show on December 5th.

Fraternally yours,

*Illustrious Sir Van Elrod, PP
Car Show Chairman*

News From The Recorder

Greetings Nobles:

I hope that all Nobles and their families exercised their right to vote in the general election. It was very close. So, to say that every vote counts has never been truer. I pray that the new President will make decisions which puts the American people and the United States first and not for their political or personal gain.

Nobles, you have another important election coming up, The Divan. We will not have our Assistant Rabban moving up to Rabban and the High Priest & Prophet will not be moving up to Assistant Rabban. Both Keith Lozeau and Larry Wilhite accepted promotions with their employers in other locations. We wish them well with their future endeavors. The Recorder will not be running for the position either. My wife and I will not be living in Tucson year round. So we must find and elect Nobles to succeed them.

In the Recorder's office there are hundreds of old copies of the Temple Topics. I came across an article in the January, 1977 edition, titled "Oriental Guide Must be Selected Wisely; Election of Officers January 10th". In this article there is a checklist with nineteen virtues, talents, and qualifications to consider for the position of Oriental Guide. With all of our open positions, this checklist may be a guide to selecting our new officers.

I will not give the entire list, but just a few to give you an idea of what it contains. Number one on the list, leadership. Some others were: business sense, competent organizing and promoter, free to devote ample time, and interest in the Shrine. Those are just five of the nineteen. It takes a special person to serve on the Divan. Choose wisely!

I want to thank the Nobility for trusting me with the position of Recorder for the past six months. I have learned so much about Sabbar and its history. I'm looking forward to see what the future holds for Sabbar.

Thank you.

Noble Terry Fried, Recorder

WEAR YOUR FEZ – DOOR WILL BE TILED

Yours in the Faith,
 Illustrious Sir Jerry Shultz, Potentate

Assistant Rabban

Greetings Nobles;

We are entering the holiday season of the single strangest year most of us will ever experience. While remembering and honoring those we've lost, let's be grateful we're still here and carrying on an honorable tradition: serving those most in need of help in our communities - the children with health related needs.

Before I jump into my theme, for those who don't know, my wife received a long-awaited, but surprising promotion a few months ago. Long-awaited because she worked her tail off for it and it's richly deserved, but surprising because it requires us to relocate to Houston, TX. We just barely got settled here and we're leaving, much to my chagrin. In any case, I want to thank some folks. I hate doing this because I invariably forget someone deserving, but here goes: Jim and Mayno Wolf - thank you for welcoming us into Sabbar so warmly. Jerry and Jette Shultz, the same—you guys have done a remarkable job this year and I'm so sorry it surely wasn't what you envisioned. Toby and Kim Thomas - just...thank you for being two awesome souls. Gustavo and Veronica - you two rock, enjoy your journey together. Larry Wilhite - if you see this, we sure miss you - enjoy Tennessee my friend. We'll probably be by to see you - we love Nashville. Don Shauer, thanks for sharing a beer with me the first time I came in and all the interesting conversations afterwards. I sure miss those conversations. What a great life you lived - rest easy now. Jim Pokorny and LuAnn Higgerson - gonna miss that singing! Thanks for your help when we needed it. To Fred Lohman, I've really enjoyed our discussions. You've had a heck of a life my friend and I respect the heck out of you - thanks for sharing some of it with me. Tim Alphin - I love your dedication and sincerity, the world needs more of both. Thank you for the passionate insights you've generously shared. Jim and Sandy Hand - thank you for working so hard doing some of the least thankful work around there. Terry Fried - you make me laugh without realizing it. Sometimes the best humor is that delivered quietly and with stealth - you're a master and you've done a bang-up job as Recorder. You will be missed. Joe Leininger, thank you for giving so much of your time, it's appreciated. Steve Lamb, we went rounds, but I love your passion and appreciate how hard you work and your dedication to the Shrine - thank you. Joe and Pina Talvy, I sure appreciate the support and insights you've given me. I can't think of two more amazing and kind folks. Thank you for just being you (oh, and being understanding about me poking a hole in the side of your Blue Angels car!). Nick and Elicia - thank you for being loyal Friday Night supporters and not being afraid to get dirty when it was needed. You two rock and we wish you nothing but the best on your new journey. Van Elrod, you're another person I can't thank enough for all the support and insights. Thank you for running Transportation and the car show and just willing to be counted on when work needs to be done. To Peggy Atchley who works so hard every month to put this publication together. This

publication is our face to the world and you do a great job of making us look fantastic! Last, but certainly not least, I want to say thanks to Shawn and Nicole Lowery. I feel like I met by brother and sister. We sure had a blast remodeling the lounge. Heck, it didn't feel like work! Relocating to a new city is challenging. We loved our Shrine family in Peoria and were hopeful we'd have a similar experience here - and we did. We can't thank you enough for welcoming us and making us feel at home. We can only hope that Arabia is so welcoming.

To everyone else at Sabbar, because I've surely forgotten someone I wanted to mention, please know we love you and are going to miss you.

Now, to a quick theme. John F. Kennedy said so famously *"Ask not what your country can do for you, but what can you do for your country."* and *"If not us, who? If not now, when?"*

2020 has been challenging. There are a lot of emotions and opinions around Sabbar about what should be done for the future of the Shrine. As I make my leave, I ask one thing of everyone reading this, if you have an opinion, if you want to share it, please do! But dropping off an opinion like throwing a rabid dog over the fence is not what Sabbar needs. Like anything else, it needs nurturing and care and neither of those things come easy. If you have an idea, don't just bring it, please be ready to support it and DRIVE it. The Divan simply can't do everything. They need your help. Please be willing to stand up and be counted. There's no need to wait for them to ask you to do something. If you have a position—do your job—don't wait for them to ask. If you have an idea for a fundraiser - form a committee and make it happen. If you have an idea for a new unit, gather some like-minded folks and make it happen. Have thoughts on how the Shrine should be run? Run for a chair. If you don't want to do that, ask to speak at a divan meeting and tell them you have an idea and are willing to lead the charge. We have a single mission—helping those kids and, it's a distinct privilege and honor to do it. Let's have an organization that reflects such a noble endeavor. Don't ask for change. Don't wait for change. **BE the change.**

Ask not what Sabbar can do for you, but what you can do for Sabbar. If not us, who? If not now, when?

Peace and love to all.

Noble Keith Lozeau, Assistant Rabban

Membership Committee

Our Fraternity and Social Media

When it comes to social media, everyone wants in on the action. Facebook, Twitter, Instagram, and Pinterest are all highly active social media networks. Everyone wants to gain positive social media recognition for their business or group. Twitter specializes in sharing links and short written messages, Instagram specializes in sharing pictures, and Facebook shares pictures and stories. There are many new platforms being introduced almost weekly that can be taken advantage of.

Sabbar Shrine, like many Fraternal Organizations around the world, use Social Media to advertise, socialize, and advance their agenda. It is an easy and economical way to get a message out and give potential members tangible reasons to join our hallowed halls. Having a good, or great, social media presence can help an organization like ours grow like wildflowers. But this will only happen after we develop a large following and learn how to give them what they are looking for.

Shriners International Membership Committee has many online classes aimed at teaching Shrine Membership Chairmen how to use Social Media to their advantage when trying to build followers. Understanding what your audience needs and interests are will help to interact with them on a more intimate level. Once we understand this, we can give your audience everything they want - which means bringing them to your website to see what our organization is all about.

Social media is any digital tool that allows users to quickly share content with the public.

Social Media is quite fickle also, as it can have the exact opposite effect just as easily. I came across a very public interaction on Social Media between two Mason/Shriners the other day regarding the current state of politics. Challenges were put forth, references to the Fraternity and Appendant bodies were made and many derogatory comments about each individual were made. While it was on a personal page, each clearly identified themselves as Masons.

If prospects were looking at social media with an interest in our Fraternity, would this encourage them to research being a Mason or Shriner further? Does this seem like an institution having for it's foundation, the practice of social and moral virtues? Would men preeminent in the moral and intellectual attainments look towards such a group to better themselves?

We learn in our Ritual Masons to keep ourselves circumscribed in our passions and desires, but what about our words and actions? Are we not bound to represent our Fraternity in a positive and honorable way in all our actions, both public and private?

In this day and age the public knows that you are a Mason/Shriner and are therefore an ambassador for the entire Fraternity in all your words and actions. I hope we are all striving daily to represent our Fraternity in the most positive way possible.

Fraternally,

*Noble Roger Biede, III
2020 Membership Chairperson*
